RASATVA

रस + तत्व

Rasa is an ancient Sanskrit word for the soul of a food. Traditional homes laid emphasis on consuming spices sourced from their desh, or one's native origin. The secret to health, and longevity is to consume the right combination of the six rasas -

Sweet (*Madhura*)

Sour (*Amla*)

Salty (*Lavana*)

Pungent (*Katu*)

Bitter (*Tikta*)

Astringent (*Kashaya*)

Rasatva endeavours to bring our very own *desh ka ras* to your kitchen in the form of spices, seasonings, wellness products and Good Foods. *Wishing you good food, health and vitality always.*
